Proposal Mailbox for Town of Golden Beach
Model: PUMB-1050 Estate MailBox

Increase the curbside appeal of your town with our Residential Estate Mailbox Package. Designed with today's homeowners in mind, and available in a palette of contemporary colors, the Residential Estate Mailbox Package will add years of service and good looks.

About the Metals Used

Our Curbside Mailbox, post and decorative brackets are crafted recycled die cast rust free aluminum. Cast aluminum is an extremely durable, yet lightweight metal that is 100% resistant to rust. The Curbside Mailbox is produced by pouring hot aluminum into a mold of the product. During construction, the aluminum undergoes substantial amounts of pressure, which produces an extremely dense material that will stand up to years of wear and tear (includes manufacturer's limited lifetime warranty).

About the Finish

The Curbside Mailbox and Post are finished with a highly protective powder coat finish. Powder coating is well known for its uniform, durable, and high quality finish. Powder coated surfaces are more resistant to chipping, scratching, fading, and wearing than other finishes, and colors stay bright and vibrant longer. The mailbox is available in four finishes, including Bronze (most popular), Black, Green and White (includes manufacturer's limited lifetime warranty).

About the Personalized Plaques

You can customize your new Residential Mailbox with Personalized Plaques, which are included. The personalized plaque will make it easier, for friends, family and emergency services to find your home. Each Residential Estate Mailbox package includes 2 side plaques.. The side plaques can hold one or two lines of Gold text. If one line is selected, each side plaque can hold five - 4.5" Numbers (or smaller if desired). If two lines of text are selected, each side plaque can hold a top line of 3" Numbers (or smaller), and a bottom row of sixteen 1.25" Characters.

About the Mailbox Size

The Residential Estate Curbside Mailbox is considered an estate-sized mailbox designed for today's increased amount of mail. The front door swings open from a magnetic catch inside the mailbox to reveal a generous sized incoming mail compartment. The mailbox dimensions are 19.6"W x 13"H x 20.375"D, which is large enough to hold multiple days worth of mail, magazines, and catalogs, and larger than the typical mailbox.

About the Post

Most Mailbox Posts today are installed over a 4" x 4" post. The Whitehall Post Mount Mailboxes are no exception. Installation requires a 4" x 4" x 48" post to be buried 30" in the ground, and to have 18" sticking out. This post then slips over that post and attaches via hardware, which is included. This makes for a much easier installation, especially if you already have an existing 4" x 4" in the ground. In addition, this will put the mailbox at the correct height, according to USPS Postal Regulations.
