Town Council Members

From: Alexander Diaz,
Town Manager

Item Number:

4

Subject: Resolution No. 2112.10- Recommended Purchase of Public
Works Pick-up Truck

Recommendation:

It is recommended that the Town Council adopt the attached Resolution No. 2112.10 as presented.

Background:

The Town wishes to purchase one (1) new (2010/2011) Pick-up Truck vehicle for the Public Works Department to use in the performance of Town duties.

The Public Works Department currently has three (3) 2001 Ford F-150 2-wheel drive Pick-ups that are in deplorable condition and are in need of replacement. It is our intention to replace each of these trucks over the course of the next three years. The new 2-wheel drive pick-up truck vehicle will replace one of the nine-year-old 2001 Ford two-door pick-up trucks currently in service in order to insure the continued cost efficient operation of the Town's vehicle fleet. That vehicle is in particularly poor operating condition.

The Florida State Sheriffs and Florida Association of Counties Annual Vehicle Bid Award will be utilized to insure the Town obtains the best price possible for the vehicle and to comply with the Town's purchasing requirements for items of this amount.

Fiscal Impact:

Public Works Department Vehicle - The cost for one (1) pick-up truck Public Works Department vehicle for \$15,734.00. The funds for these purchases will be taken from the Public Works Department's 2009/2010 Budget Accounts.

Ref: Cost for Obtaining Public Works Vehicle for 2010

As you have been advised, Vehicle 141, a 2001 Ford F-150 2-door Pick-up truck is in very poor condition and has become highly cost inefficient to maintain in the Public Works Department fleet. Public Works Director Riley Crews and I are recommending it be replaced. There are sufficient funds remaining in the Public Works Department's 2009/2010 budget to replace the vehicle.

The cost to purchase and equip a ½-ton pick-up truck for the Public Works Department was identified from the Florida Sheriffs Bid process as \$13,989.00, options will be additional. Mr. Glen Carpenter of Maroon Ford advised the Town last year that when the Florida Sheriffs Association (FSA), Florida Association of Counties (FAC), and Florida Fire Chiefs Association (FFCA) sought vehicle bids in the summer of 2008, a 3.0 V-6 engine was standard in the Ford F-150 Pick-up. After the bids were submitted, Ford Motor Company discontinued the V-6 engine and made the 4.6 Liter V-8 engine standard, raising the price by \$1,825.00

A comparison with the Chevrolet Silverado ½-ton pick-up shows the same type vehicle with a comparable 4.8 Liter V-8 engine is \$15,821.00

Based on that information, it is recommended the Town purchase the vehicle from a dealer participating in the Florida Sheriffs and Florida Counties bid process.
