The Town is in possession of a large tractor-type vehicle which needs some major repair. The repairs would probably be in the neighborhood of \$1,500 - \$2,500. There is also a tiller which attaches to this vehicle.

The Town has not used the vehicle for many years because it is too heavy and bulky for our beach area. The City of Miami Beach as a much larger beach area and will spend the money to make the necessary repairs.

It is my recommendation that we give them this used equipment. This will aid us in our on-going plan with cleaning out that side of the garage so the records retention/lunch room construction can begin during November.
