One Golden Beach Drive
Golden Beach, FL 33160

MEMORANDUM

Date: September 17, 2019

To: Honorable Mayor Glenn Singer &
Town Council Members

From: Alexander Diaz,
Town Manager *Alex B*

Subject: Resolution No. 2640.19 – Variance Request for 386 Golden Beach Drive,
Golden Beach, FL 33160 (Dock).

Item Number:

7

Recommendation:

It is recommended that the Town Council allow the applicant the opportunity to seek approval of the variance request presented in Resolution No. 2640.19.

Background and History:

Town Code Section 46-87 – Proximity of Lot Lines

(b) No portion of a dock, boat lift, hydro hoist or any other method of elevation, mooring piles, boat davits, dolphin piles or any other structure, and no portion of a boat elevated above the water moored at a dock or seawall, shall protrude into the waterway, unless it is within the triangle formed by connecting the points indicated below, that form a triangle where the waterfront property line is the base of the triangle and the triangle sides extend towards the waterway at a 45 degree angle until the lines intersect on the waterway side of the lot, but never to exceed 25 feet into the waterway from each of the lot property line. Neither elevated boats nor docks shall encroach in any instance within the side setback area. The base of the triangle shall be determined as follows: (1) the base of the D5 triangle for all lots is set back five feet inside each of the side property lines.

The applicants request is to allow the dock to remain as constructed at 53'8" which protrudes outside the D5 Triangle. Instead of the Town's approved dock plan length of 46'8" which is within the D5 Triangle.

The Building Regulation Advisory Board met September 10, 2019 and recommended approval of the variance request, the motion failed with Board vote of 3 – 0.

Melinda Almonte spoke in opposition to the item.

Subject: Zoning Variance Application
After-The-Fact Variance for Existing Dock Encroachment in GB D5 Triangle
386 Golden Beach Drive
N ½ of Lot 48 & Lot 49 of Block G
MMPA Project No.04-0101-0505

ISSUE

The applicant, Ocean Consulting, LLC, as agent for the property owners, Volodymyr Symonenko & Oksana Kirpenko, is requesting a zoning variance for after-the-fact / as-built portions of a boat dock that encroach slightly into the Golden Beach D5 (GB D5) triangle. The subject property adjoins the 100' wide Grand Canal. In 2017 the Town granted variances for an older seawall / new dock at this site to encroach up to 9'-3" into the waterway vs. the allowed 6', as it was discovered the seawall had been previously constructed into the waterway about 3'-9", and the owners desired a new boat dock. Subsequently the Town issued a building permit and the dock was built. Recently the Town staff discovered that the new dock was built wider than allowed, and portions of the dock / two (2) piles encroach into the GB D5 triangle. The owners are requesting an after-the-fact variance to keep the dock as it was built. The alternative is to modify the dock by removing the outermost two (2) piles and portions of the concrete dock to comply with the Town Code requirements, the previous 2017 variance plans, and building permits. Town Code Sec. 46-87(b) sets forth the Town's GB D5 triangle requirements. Following is a brief description of the variance:

- Variance from Town Code Section 46-87(b) to allow an as-built concrete dock to remain that was built in error by a marine contractor in 2018.

ANALYSIS

As per the Town's request MMPA has completed our review of the above referenced variance application and provide the following comments for consideration:

**Town of Golden Beach
386 Golden Beach Drive – Dock Variance Request
After-The-Fact Variance for Dock Encroachment into GB D5 Triangle
August 30th, 2019
Page 2**

Variance Request - The application as submitted requests a variance from Town Code Section 46-87(b) to allow portions of a newly constructed dock to remain as-built that encroach slightly into the GB D5 triangle adjoining the site in the Grand Canal waterway. In 2017 the Town granted variances to the owners for an older seawall that was previously built encroaching 3'-9" into the waterway, and a new concrete dock, to encroach up to 9'-3" into the waterway vs. the allowed 6' in 100' waterways. The seawall cap is quite wide at 4'-6" and the dock is 3'-6" in width creating in essence an 8-foot wide dock. Subsequently the Town issued a building permit and the dock was built. Recently the Town staff discovered that the new dock was built wider than allowed, as portions of the dock / two (2) piles encroach into the GB D5 triangle. The owners are requesting an after-the-fact variance to keep the dock as it was built. The alternative is to modify the dock by removing the outermost two (2) piles and portions of the concrete dock to comply with the Town Code requirements, the previous 2017 variance plans, and building permits.

NON-USE VARIANCE JUSTIFICATION

As submitted, the applicant's sole justification for the dock encroachment is that the marine contractor made an error, and to correct it would be a considerable financial burden. This could have been an innocent mistake, or it was thought the Town would not notice the encroachment or make the contractor / owner correct the encroachment. The comments below are based on the submittal.

1) The variance requested is for relief from the provisions of the Town Code.

The applicant requests relief from Section 46-87(b) of the Town's Code of Ordinances, which limits the encroachment of docks / piles / boat lifts / etc. into the Golden Beach D5 triangle, which is determined by measuring 5' into the lot across the rear (waterfront) lot line and using 45 degree angles to create a triangle into the waterway. This is in addition to the Miami-Dade D5 triangle that is measured from the rear lot corners.

2) Special conditions and circumstances exist which are peculiar to the land or structure involved, and which are not applicable to other lands or structures in the same district.

The applicant states: "Yes - the existing dock was built in error by the marine contractor such that it crosses the Town's viewing triangle". No description of unique special conditions or circumstances of the land or the as-built structure is provided. In our opinion, an error is not a special condition or circumstance peculiar to the land or structure nor are they applicable to other lands in the same district. The lot is rectangular and not oddly shaped. The Town's adjoining public waterway where the dock improvement is located has no encumbrances that seem to have caused the "error". In our opinion there would be no financial impact to the owners to correct the "error" – the marine contractor has E&O insurance and would cover the full cost of the modification. While the encroachment could be deemed minor continued encroachments into Town's setbacks / waterway decreases views and boat mobility.

- 3) The special conditions and circumstances do not result from the actions of the applicant.*

The applicant states: "Yes - the existing non-conforming dock was built in error by the marine contractor". The marine contractor was hired by the owners who are responsible for their agent's actions. It is not known if the owners were aware of the encroachment as it was being built, or even instructed the marine contractor to alter the improvements specified on the building permits.

- 4) Granting the variance requested will not confer on the applicant any special privilege that is denied by the Zoning Chapter of the Town Code to other lands or structures in the same district.*

The applicant states: "Correct - the existing enlarged dock was installed by the contractor and removing / replacing it would create a significant financial burden to the current property owner." No description was provided addressing this issue. Allowing these improvements to remain could give a special privilege to this owner that are not enjoyed by others in the same district. In our opinion there would be no financial impact to the owners to correct the "error" – the marine contractor has E&O insurance and would cover the full cost of the modification.

- 5) Literal interpretations of the provisions of the Zoning Chapter of the Town Code would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of zoning regulations and would work unnecessary and undue hardship on the applicant.*

The applicant states: "Correct - waterside variances are common in this community." No description or identification of similar encroachments or variances was provided addressing this issue. In our opinion, there would no deprivation of rights enjoyed by others nor creation of undue hardship – the encroachment is self-created. MMPA is not aware of other docks encroaching into the D5 setbacks. Unfortunately, a few owners / contractors build improvements and request relief afterward – not all are approved. In our opinion, the Town needs to be cognizant of illegal construction and set a precedent to correct items, so this does not keep occurring. There is no cost to the owners to correct the structure – the contractors have E&O insurance.

- 6) The variance granted is the minimum variance that will make possible the reasonable use of the land or structure.*

The applicant states: "Yes - the property owner is requesting an after-the-fact approval of a dock that was installed crossing the Town's viewing triangle." No description was provided addressing this question or stating why this variance is the minimum necessary to have reasonable use of the land or structure. The owner's original design / approved BRAB plans / building permit plans provided that. Adjusting the dock to comply with the Code requirements would not diminish the use of the dock – which is on public land.

- 7) The granting of the variance will be in harmony with the general intent and purpose of the Town Code and the variance will not be injurious to the area involved or otherwise detrimental to the public welfare.*

The applicant states: "Correct – No navigational impacts and matches the style and design of neighboring properties." MMPA is not aware of other docks commonly encroaching into the D5 setbacks. No evidence was provided attesting to this was provided. Therefore, this encroachment would not really match the style and design of other docks in the community. The D5 triangles have nothing to do with navigation – they are for sight visibility for neighboring properties on waterfront lots.

SUMMARY

MMPA was requested to review and comment on this non-use variance for an after-the-fact dock encroachment constructed into the required Golden Beach D5 triangles on each side of the dock. In 2017 the Town granted variances for a pre-existing seawall encroachment and a new concrete dock. Building permits were issued for the new dock in accordance with the approved plans. It is unknown why the new dock was built encroaching into the minimum setbacks or why it was signed-off without an as-built survey verifying its location. It is unknown if the "error" that occurred was innocent or it was believed the Town would not catch the encroachment or require modifications. While this could be viewed as an insignificant encroachment, such activities undermine the Town's global efforts for high-quality planned development / community desirability (open view vistas / uncrowded appearance / adherence to rules). The request is based solely on an explanation that the marine contractor made an "error" and there might be a financial burden on the owners. In our opinion, there would be no financial impact to the owners to correct the "error" – the marine contractor has E&O insurance and would cover the full cost of the modification.

TOWN OF GOLDEN BEACH NOTICE OF PUBLIC HEARING

The **Building Advisory Board** and the **Town Council** of the Town of Golden Beach will hold a Public hearing on the following proposal:

 X Variance Request(s)
 X Accessory Structures

After the Fact

Approval for a dock constructed at 53'8" in length, instead of the approved dock size length of 46'8".

Relief from Town Code Section 46-87 – Proximity of Lot Lines

(b) No portion of a dock, boat lift, hydro hoist or any other method of elevation, mooring piles, boat davits, dolphin piles or any other structure, and no portion of a boat elevated above the water moored at a dock or seawall, shall protrude into the waterway, unless it is within the triangle formed by connecting the points indicated below, that form a triangle where the waterfront property line is the base of the triangle and the triangle sides extend towards the waterway at a 45 degree angle until the lines intersect on the waterway side of the lot, but never to exceed 25 feet into the waterway from each of the lot property line. Neither elevated boats nor docks shall encroach in any instance within the side setback area. The base of the triangle shall be determined as follows: (1) the base of the D5 triangle for all lots is set back five feet inside each of the side property lines.

The applicants request is to allow the dock to remain as constructed at 53'8" which protrudes outside the D5 Triangle. Instead of the Town's approved dock plan length of 46'8" which is within the D5 Triangle.

Subject: 399 Golden Beach Drive Variance

Dear Ms. Epperson and Mr. Diaz, This is Melinda Almonte at 395 Golden Beach Drive, the south neighbor of 399 Golden Beach Drive I am absolutely opposed to the variance requested by the owner of the property. It will be a large eye sore at the entrance of our community infringing on 9 feet of land that should have a setback on the north curve and almost 2 feet on the south front side. I don't accept that infringement. The house structure itself is already at the maximum building capacity for setback requirements. It is not a good look for the town to then violate the setback rules. We start to look like a community of large town homes I object on my own behalf and for other residents who follow the building codes. Sincerely, Melinda Almonte

TOWN OF GOLDEN BEACH
BUILDING REGULATION ADVISORY BOARD
APPLICATION FOR
PETITION FOR VARIANCE

Date: _____

Fee: _____

I, Ms. Oksana Kirpenko hereby petition the Town of Golden Beach for a variance from the terms of the Town of Golden Beach Code of Ordinances affecting property located at: 386 Golden Beach Drive Folio No. 19-1235-005-0720

As specified in the attached "Application for Building Regulation Advisory Board" and related supporting material.

1. The Variance requested is for relief from the provisions of **(list section number(s) of the Town of Golden Beach Code of Ordinances)**: Town Code Section 46-84 to allow the existing dock to cross the Town of Golden Beach viewing triangle.

2. In order to recommend the granting of the variance, it must meet all the following criteria (please provide a response to each item):
 - a. The Variance is in fact a Variance from a zoning regulation as set forth within the Zoning Chapter of the Town Code. Yes. Confirmed.

 - b. Special conditions and circumstances exist which are peculiar to the land or structure involved, and which are not applicable to other lands or structures in the same district. Yes. The existing dock was installed in error by the marine contractor, such that it crosses the Town of Golden Beach viewing triangle.

 - c. The special conditions and circumstances do not result from the actions of the applicant. Correct. The existing, non-conforming dock was installed in error by the marine contractor.

 - d. Granting the Variance requested will not confer on the applicant any special privilege that is denied by the Zoning Chapter of the Town Code to other lands or structures in the same district. Correct. The existing, enlarged dock was installed by the contractor and removing and replacing the dock would create a significant financial burden to the current property owner.

SURVEY NOTES:

1. THIS SURVEY REPRESENTS A BOUNDARY AND TOPOGRAPHIC SURVEY AS DEFINED BY STANDARDS OF PRACTICE FOR SURVEYING AND MAPPING, CHAPTER 34-17, FLORIDA ADMINISTRATIVE CODES. THIS SURVEY IS NOT VALID WITHOUT THE SIGNATURE AND THE ORIGINAL RASSED SEAL OF A FLORIDA LICENSED SURVEYOR AND MAPPER.
2. THE BEARINGS SHOWN HEREON ARE BASED ON A BEARING OF S. 02°07'46" W. ALONG THE CENTERLINE OF GOLDEN BEACH DRIVE AND REFER TO THE FLORIDA STATE PLANE COORDINATES SYSTEM, EAST ZONE, 1983 (1980) ADJUSTMENT.
3. THE PROPERTY SHOWN HEREON LIES WITHIN FLOOD ZONES AE, ELEVATION=7' (NGVD 29), AS SHOWN IN FLOOD INSURANCE RATE MAP NUMBER 12086C 0153 L, COUNTY MAP NUMBER 120842, TOWN OF GOLDEN BEACH, MIAMI-DADE COUNTY, FLORIDA, MAP REVISED DATE, SEPTEMBER 11, 2009.
4. THE SYMBOLS REFLECTED IN THE LEGEND AND ON THIS SURVEY MAY HAVE BEEN ENLARGED FOR CLARITY. THE SYMBOLS HAVE BEEN PLACED AT THE CENTER OF THE FIELD LOCATION AND MAY NOT REPRESENT THE ACTUAL SIZE OR SIZE OF THE FEATURE.
5. THE INFORMATION DEPICTED ON THIS SURVEY REPRESENTS THE RESULTS OF A FIELD SURVEY ON THE DATE INDICATED AND CAN ONLY BE CONSIDERED AS A REPRESENTATION OF THE GENERAL CONDITIONS EXISTING AT THAT TIME.
6. THE INFORMATION CONTAINED IN THIS DOCUMENT WAS PREPARED BY ECS LAND SURVEYORS, INC. ECS HAS TAKEN ALL REASONABLE STEPS TO ENSURE THE ACCURACY OF THIS DOCUMENT. WE CANNOT GUARANTEE THAT ALTERATIONS AND/OR MODIFICATIONS WILL NOT BE MADE BY OTHERS AFTER IT LEAVES OUR POSSESSION. THIS DOCUMENT MUST BE COMPARED TO THE ORIGINAL HAND COPY (PAPER) BEARS THE RASSED SURVEYOR'S CERTIFICATION SEAL, IF APPLICABLE, TO ENSURE THE ACCURACY OF THE INFORMATION CONTAINED HEREON. TO FURTHER ENSURE THE ACCURACY OF THE INFORMATION CONTAINED HEREON, ECS HAS TAKEN ALL REASONABLE STEPS TO ENSURE THE ACCURACY OF THE INFORMATION CONTAINED IN THIS OR ANY DOCUMENT TRANSMITTED OR RECEIVED BY COMPUTER OR OTHER ELECTRONIC MEANS. CONTACT ECS LAND SURVEYORS DIRECTLY FOR VERIFICATION OF ACCURACY.
7. THE SURVEYOR DID NOT INSPECT THE PROPERTY SHOWN HEREON FOR ENVIRONMENTAL HAZARDS.
8. THE PROPERTY SHOWN HEREON CONTAINS 13,125 SQUARE FEET (0.30 ACRES), MORE OR LESS.
9. OWNERSHIP OF WALLS OR FENCES WAS NOT DETERMINED.

SURVEY NOTES:

10. SUBSURFACE UTILITIES, FOUNDATIONS AND ENCROACHMENTS WERE NOT LOCATED AND ARE NOT SHOWN HEREON. THIS SITE COULD HAVE UNDERGROUND INSTALLATIONS THAT ARE NOT SHOWN HEREON. BEFORE DESIGN, CONSTRUCTION OR EXCAVATION, CONTACT FLORIDA STATE ONE CALL OF FLORIDA (1-800-432-4170) AND THE APPROPRIATE UTILITY COMPANIES FOR FIELD VERIFICATION OF UTILITIES. THIS SURVEY IS LIMITED TO ABOVEGROUND FEATURES ONLY.
11. TREES, HEDGES, ORNAMENTAL PLANTS, IRRIGATION LINES, WELLS AND SPRINKLER HEADS (IF ANY), NOT LOCATED OR SHOWN HEREON.
12. ECS LAND SURVEYORS, INC. DID NOT SEARCH THE PUBLIC RECORDS OF MIAMI-DADE COUNTY, FLORIDA FOR OWNERSHIP, RIGHTS-OF-WAY, EASEMENTS OR OTHER MATTERS AFFECTING THE PROPERTY BEING SURVEYED. THERE MAY BE ADDITIONAL RESTRICTIONS NOT SHOWN ON THIS SURVEY THAT MAY BE FOUND IN THE PUBLIC RECORDS OF THIS COUNTY.
13. ADDITIONS OR DELETIONS TO SURVEY LINES OR RECORDS BY OTHER THAN THE SIGNING PARTY OR PARTIES ARE PROHIBITED WITHOUT WRITTEN CONSENT OF THE SIGNING PARTY OR PARTIES.
14. THE ELEVATIONS SHOWN HEREON ARE BASED ON A MIAMI-DADE COUNTY BENCHMARK "E 202" AND REFER TO THE NATIONAL GEODETIC VERTICAL DATUM OF 1929 (NGVD 29). THE MARK IS A 1" X 1" X 1" BRASS WISHER SET ON CONCRETE FID OF STORM DRAIN UNPAVEMENT AND IS LOCATED 57 FEET NORTH OF THE CENTERLINE OF THE STRAND AND 43 FEET EAST OF THE CENTERLINE OF HIGHWAY A-1-A, ELEVATION=4.34.

THIS SURVEY IS CERTIFIED TO:

OCEAN CONSULTING.

CERTIFICATE:

THIS IS TO CERTIFY THAT THIS BOUNDARY AND TOPOGRAPHIC SURVEY WAS MADE UNDER MY RESPONSIBLE CHARGE AND IS ACCURATE AND CORRECT TO THE BEST OF MY KNOWLEDGE AND BELIEF.

DATE OF SURVEY: MAY 27, 2018 / DEC. 6, 2018 (UPDATE)
FOLIO NUMBER: 19-1235-005-0720

JOB SPECIFIC SURVEYOR NOTES:

- THE PROPERTY DESCRIBED ON THIS SURVEY DOES LIE WITHIN A SPECIAL HAZARD AREA AS DEFINED BY THE FEDERAL EMERGENCY MANAGEMENT AGENCY; THE PROPERTY LIES WITHIN A FLOOD ZONE "AE" OF THE FLOOD INSURANCE RATE MAP IDENTIFIED AS COMMUNITY PANEL No. 12064-0153L, WITH AN EFFECTIVE DATE OF SEPTEMBER 11, 2009. **BASE FLOOD ELEVATION OF 6.00 FEET (NGVD)**
- LAND AREA OF SUBJECT PROPERTY: 13,125 SF (+/-)
- ELEVATIONS ARE BASED ON THE NATIONAL GEODETIC VERTICAL DATUM (NGVD) OF 1929, AS PER MIAMI-DADE COUNTY BENCH MARK No. E-202, WITH AN ELEVATION OF 9.34 FEET.
- BEARINGS SHOWN HEREON ARE BASED ON AN ASSUME MERIDIAN OF N.00°07'12"W., BEING THE RECORDED BEARING FOR THE CENTERLINE OF GOLDEN BEACH DRIVE, AS SHOWN ON PLAT BOOK 8 AT PAGE 122 OF THE PUBLIC RECORD OF MIAMI-DADE COUNTY, FLORIDA.

GENERAL SURVEYOR NOTES:

THE SHOWN LEGAL DESCRIPTION USED TO PERFORM THIS BOUNDARY SURVEY WAS PROVIDED BY THE CLIENT.
SURVEY IS BASED ON RECORDED INFORMATION PROVIDED BY CLIENT. NO SPECIFIC SEARCH OF THE PUBLIC RECORD HAS BEEN MADE BY OUR OFFICE.
UNLESS OTHERWISE NOTED, AN EXAMINATION OF THE ABSTRACT OF TITLE WAS NOT DONE BY THE SIGNING SURVEYOR TO DETERMINE WHICH INSTRUMENTS, IF ANY ARE AFFECTING THE SUBJECT PROPERTY.
THIS SURVEY IS EXCLUSIVELY FOR THE USE OF THE PARTIES TO WHOM IT WAS CERTIFIED.
PURSUANT TO RULE 5J-17 OF THE FLORIDA ADMINISTRATIVE CODE THE EXPECTED USE OF LAND IS SUBURBAN, THE MINIMUM RELATIVE DISTANCE ACCURACY FOR THIS TYPE OF SURVEY IS 1 FOOT IN 7,500 FEET. THE ACCURACY OBTAINED BY MEASUREMENT AND CALCULATIONS OF CLOSED GEOMETRIC FIGURES WAS FOUND TO EXCEED THIS REQUIREMENT.
THERE ARE NO VISIBLE, ABOVE GROUND ENCROACHMENTS (a) BY THE IMPROVEMENTS OF THE SUBJECT PROPERTY UPON ADJOINING PROPERTIES, STREETS OR ALLEYS, OR (b) BY THE IMPROVEMENTS OF THE ADJOINING PROPERTIES, STREETS OR ALLEYS UPON THE SUBJECT PROPERTY OTHER THAN THOSE SHOWN ON THIS BOUNDARY SURVEY.
THERE ARE NO VISIBLE EASEMENTS OR RIGHT-OF-WAY OF WHICH THE UNDERSIGNED HAS BEEN ADVISED OTHER THAN THOSE SHOWN ON THIS SURVEY.
THE MAP OF SURVEY IS INTENDED TO BE DISPLAYED AT THE SHOWN GRAPHIC SCALE IN ENGLISH UNITS OF MEASUREMENT. IN SOME CASES GRAPHIC REPRESENTATION HAVE BEEN EXAGGERATED TO MORE CLEARLY ILLUSTRATE A PARTICULAR AREA WHERE DIMENSIONS SHALL HAVE PREFERENCE OVER GRAPHIC LOCATION.
THE ELEVATIONS (IF ANY) OF WELL-IDENTIFIED FEATURES AS DEPICTED ON THIS SURVEY AND MAP WERE MEASURED TO AN ESTIMATED VERTICAL POSITIONAL ACCURACY OF 1/8 FOOT FOR NATURAL GROUND SURFACES AND 1/16 FOOT FOR HARDSCAPE SURFACES, INCLUDING PAVEMENT, CURBS, SIDEWALKS AND OTHER MANMADE STRUCTURES.
THE SURVEYOR MAKES NO REPRESENTATION AS TO OWNERSHIP, POSSESSION OR OCCUPATION OF THE SUBJECT PROPERTY BY ANY ENTITY OR INDIVIDUAL.
ANY FEMA FLOOD ZONE INFORMATION PROVIDED ON THIS SURVEY IS FOR INFORMATIONAL PURPOSE ONLY AND IT WAS OBTAINED AT WWW.FEMA.COM.
IF YOU ARE READING THIS BOUNDARY SURVEY IN AN ELECTRONIC FORMAT, THE INFORMATION CONTAINED ON THIS DOCUMENT IS ONLY VALID IF THIS DOCUMENT IS ELECTRONICALLY SIGNED AS SPECIFIED IN CHAPTER 5J-17.062 (3) OF THE FLORIDA ADMINISTRATIVE CODE. IF THIS DOCUMENT IS IN PAPER FORMAT, IT IS NOT VALID WITHOUT THE SIGNATURE AND ORIGINAL RAISED SEAL OF THE PROFESSIONAL LAND SURVEYOR AND MAPPER OF RECORD.

LEGAL DESCRIPTION:

GENERAL NOTES:

- ELEVATIONS SHOWN REFER TO THE NATIONAL GEODETIC VERTICAL DATUM (NGVD) OF 1929.
- ALL DIMENSIONS ON PLANS ARE SUBJECT TO VERIFICATION IN THE FIELD.
- IT IS THE INTENT OF THESE PLANS TO BE IN ACCORDANCE WITH APPLICABLE CODES AND AUTHORITIES HAVING JURISDICTION. ANY DISCREPANCIES BETWEEN THESE PLANS AND APPLICABLE CODES SHALL BE IMMEDIATELY BROUGHT TO THE ATTENTION OF ENGINEER BEFORE PROCEEDING WITH WORK. CONTRACTOR AND ALL SUBCONTRACTORS ARE RESPONSIBLE FOR ALL LINES, ELEVATIONS, AND MEASUREMENTS IN CONNECTION WITH THEIR WORK.
- IT IS THE INTENT OF THESE PLANS AND THE RESPONSIBILITY OF THE CONTRACTOR TO COMPLY WITH LOCAL, STATE, AND FEDERAL ENVIRONMENTAL PERMITS ISSUED FOR THIS PROJECT. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO FAMILIARIZE AND GOVERN HIMSELF BY ALL PROVISIONS OF THESE PERMITS.
- APPLICABLE BUILDING CODE: FLORIDA BUILDING CODE, 2014 EDITION (AND CURRENT ADDENDUMS).
- APPROVED CONTRACTOR TO DETERMINE THE SUITABILITY OF EXISTING STRUCTURES AND VERIFY ALL DIMENSIONS. THE APPROVED CONTRACTOR IS RESPONSIBLE FOR ALL METHODS, MEANS, SEQUENCES AND PROCEDURES OF WORK.
- DO NOT SCALE DRAWINGS FOR DIMENSIONS.
- CONTRACTOR TO VERIFY LOCATION OF EXISTING UTILITIES PRIOR TO COMMENCING WORK.
- CONTRACTOR TO PROPERLY FENCE AND SECURE AREA WITH BARRICADES.
- ANY DEVIATION AND/OR SUBSTITUTION FROM THE INFORMATION PROVIDED HEREIN SHALL BE SUBMITTED TO THE ENGINEER FOR APPROVAL PRIOR TO COMMENCEMENT OF WORK.
- ALL NEW MATERIALS AND/OR PATCHWORK SHALL BE PROVIDED TO MATCH EXISTING MATERIALS AND/OR ADJOINING WORK WHERE PRACTICAL EXCEPT AS SPECIFICALLY NOTED HEREIN.
- LICENSED CONTRACTOR SHALL USE ALL POSSIBLE CARE TO PROTECT ALL EXISTING MATERIALS, SURFACES, AND FURNISHINGS FROM DAMAGE DURING ALL PHASES OF CONSTRUCTION.
- THE LICENSED CONTRACTOR TO INSTALL AND REMOVE ALL SHORING AND BRACING AS REQUIRED FOR THE PROPER EXECUTION OF THE WORK.
- ALL NEW WORK AND/OR MATERIALS SHALL CONFORM TO ALL REQUIREMENTS OF EACH ADMINISTRATIVE BODY HAVING JURISDICTION IN EACH PERTAINING CIRCUMSTANCE.
- THE CONTRACTOR WILL EMPLOY AND MAINTAIN ADEQUATE SEDIMENT AND EROSION CONTROL MEASURES TO PROTECT BISCAYNE BAY FROM SEDIMENT AND CONSTRUCTION DEBRIS.

BOLTS

- ALL BOLTS SHALL BE STAINLESS STEEL, UNLESS OTHERWISE NOTED.

WOOD

- PRIMARY WOOD FRAMING MEMBERS SHALL BE NEW BIRCH, SOUTHERN PINE OR BETTER.
- ALL DIMENSIONS ON PLANS ARE SUBJECT TO VERIFICATION IN THE FIELD.

DOCK: LL 60 PSF

PILE DRIVING NOTES

- PILE DRIVING OPERATIONS SHALL BE OBSERVED BY A SPECIAL INSPECTOR, INCLUDING TEST PILES SUFFICIENT TO DETERMINE THE APPROXIMATE LENGTH REQUIRED TO MEET DESIGN CAPACITY.
- PILES SHALL BE DRIVEN USING AN APPROVED CUSHION BLOCK CONSISTING OF MATERIAL SO ARRANGED SO AS TO PROVIDE THE TRANSMISSION OF THE HAMMER ENERGY.
- PILES SHALL BE DRIVEN TO REQUIRED CAPACITY A MIN 12. INTO BERM.
- PILES SHALL BE DRIVEN WITH A DROP HAMMER OR GRAVITY HAMMER PROVIDED THE HAMMER SHALL WEIGH NO LESS THAN 3,000 POUNDS, AND THE FALL OF THE HAMMER SHALL NOT EXCEED 6 FT.
- PILES SHALL BE DRIVEN WITH A VARIATION OF NOT MORE THAN 1/4" PER FOOT FROM THE VERTICAL, OR FROM THE BATTER LINE INDICATED, WITH A MAX VARIATION OF THE HEAD OF THE PILE FROM THE POSITION SHOWN ON THE PLANS OF NOT MORE THAN 3".
- WHERE PILING MUST PENETRATE STRATA OFFERING HIGH RESISTANCE TO DRIVING, THE STRUCTURAL ENGINEER OF RECORD OR SPECIAL INSPECTOR MAY REQUIRE THAT PILES BE SET IN PRE-DRILLED OR PUNCHED HOLES. THE PILES SHALL REACH THEIR FINAL PENETRATION BY DRIVING.

GENERAL NOTES

DESIGN: IN ACCORDANCE WITH 2007 EDITION & ASCE 7-05

PILE NOTES: ALL WOOD PILES TO BE SOUTHERN PINE AND COMPLY WITH A.S.T.M. d25-79 AND BE PRESSURE TREATED W/ C.C.A.

FEDERAL SPECIFICATIONS TT-W-550D(1) OR TT-W-00550E(1) AND AWFA-MP-475 A MIN. DIA. OF 12"

PRESTRESSED CONCRETE: RECOGNIZED TESTING LABORATORY TO VERIFY CONCRETE COMPRESSIVE STRENGTH OF 6000 psi IN 28 DAYS.

CONCRETE SHALL ATTAIN A STRENGTH OF 3500 psi BEFORE STRANDS ARE RELEASED. REINFORCING SHALL BE PER ASTM A416-6820K

STRANDS WITH #5 GAUGE WIRE SPIRALS AT AN 8 INCH PITCH EXCEPT AT ENDS WITH TURN AT A 3 INCH PITCH.

MINIMUM PENETRATION OF ALL PILES TO BE AS FOLLOWS:

INTO BEDROCK- 6 FEET MIN.

MINIMUM SAFE BEARING: 10 TONS WOOD PILE & 25 TONS CONCRETE PILE

CONCRETE: CONCRETE FOR THE CAP SHALL ATTAIN A MINIMUM COMPRESSIVE STRENGTH OF 5000 psi AT THE END OF 28 DAYS.

REINFORCING STEEL: ALL REINFORCEMENT SHALL BE 60K psi MINIMUM YIELD NEW BILLET STEEL IN ACCORDANCE WITH ASTM A615

GRADE 60. ALL BAR LAPS SHALL BE A MINIMUM OF 48 BAR DIAMETERS. PLACING OF REINFORCEMENT SHALL CONFORM TO THE LATEST

ACI AND MANUAL OF STANDARD PRACTICE CODES.

STRUCTURAL LUMBER: ALL DIMENSIONAL LUMBER TO BE PRESSURE TREATED, #1 GRADE S.P. OR BETTER (BEAMS TO BE NON-DENSE

SELECT STRUCTURAL) AND COMPLY WITH NSD 2005 SPECIFICATIONS.

HARDWARE: ALL HARDWARE TO BE HOT DIPPED GALVANIZED ACCORDING TO ASTM A-153-80 OR AS SPECIFIED.

BOLTS: ALL MACHINE BOLTS TO BE HOT DIPPED GALVANIZED ACCORDING TO ASTM A307-83A.

DESIGN LOADS: 60lbs/FT² OF LIVE LOADS, 8lbs/FT² OF DEAD LOADS

PILE DRIVING NOTES

1. Pile driving operations shall be observed by a special inspector, including test piles sufficient to determine the approximate length required to meet design capacity.
2. Piles shall be driven using an approved cushion block consisting of material so arranged so as to provide the transmission of the hammer energy.
3. Piles shall be driven to required capacity a minimum of 6 feet into rock or a minimum of 10 feet into yielding material.
4. Piles shall be driven with a drop hammer or gravity hammer provided the weight of the hammer is no less than 3000 pounds, and the fall of the hammer shall not exceed 6 feet.
5. Piles shall be driven with a variation of not more than $\frac{1}{4}$ " per foot from the vertical, or from the batter line indicated, with a maximum variation of the head of the pile from the position shown on the plans of not more than 3 inches.
6. Where piling must penetrate strata offering high resistance to driving, the structural engineer of record or special inspector may require that the piles be set in pre-drilled or punched holes. The piles shall reach their final penetration by driving.

CONCRETE PILE NOTES

1. Concrete pile concrete shall attain 6000 psi compressive strength in 28 days.
2. Concrete piles shall be reinforced with (4) $\frac{7}{16}$ " lo-lax strands, 270 kips, and #5 spiral ties.
3. Concrete piles shall be 12"x12" square, 20 feet minimum length.
4. Concrete piles shall be driven to a minimum bearing capacity of 25 tons.

G. MAYOR'S REPORT

Welcomed everyone back from the summer break. Dade schools have started, asked residents to please be careful driving around Town and abide by the posted speed signs. Tonight, we are going to start with the budget process, keeping the combined millage rate at 8.4000 mills for the sixth year in a row. In the middle of September we

are going to start some road work, we are re-milling Golden Beach Drive and seal coating the islands and the parkways. Residents are going to have to be very patient, some roads will be closed for a short period of time. However, you are going to see a big difference on Golden Beach Drive. This has been needed for about a year and a half. Looking forward to that. There have been some security issues with some break-ins on boats. Chief will be providing an update on what has taken place and what Golden Beach is doing to prevent this from further happening. It is an exciting part of the year for the Council and him as we set the millage rate and look at our capital projects that we have planned for the next 12 months. As everyone knows the big projects we have coming are the new Civic Center and Gym, Town Manager will give us an update on that.

H. COUNCIL COMMENTS

Councilmember Lusskin

Asked if September 16th is the commencement date for the milling of the roads and streets. Asked if we are still requesting the 2-year moratorium on cutting the street. Mentioned that the iguana situation in Golden Beach has gotten out of control and asked if the Town is still providing removal service.

Town Manager stated that he would give a report during his comments.

Councilmember Mendal

Mentioned that the south gate has not been working for several days and asked if staff could check that out. Realized that when cars exit Golden Beach at The Strand, there seems to be some issue with pedestrians crossing because we do not have signs. Maybe we should put signs that say pedestrians need to stop and look.

Town Manager stated that there is signage at the north and south side of the crosswalk-advising people to walk their bikes across. He is assuming that if you do not have a bike you understand that you are still a pedestrian, but we can add signage of a pedestrian without a bike.

Councilmember Einstein

Welcomed everyone back. Stated he loves the police, but the motorcycle unit was washing his motorcycle out in the right lane of the exit to The Strand. Asked if the Chief could address this with his staff. North Park looks really good; grass has really grown in.

Town Manager apologized and stated it is supposed to happen in the west lot, and that they would take care of it.

****** At this time Chief Herbello gave a brief report on the crime incidents that have been going on with the GPS systems being stolen from residents' boats in town.**

I. TOWN MANAGER REPORT

Town Manager stated that the issue with the GPS systems that were stolen in Golden Beach were not just a Golden Beach specific crime event; it was a regional crime event. We are the only agency with a boat in the water during the summer. Both the city of Aventura and Sunny Isles boats have not been in the water due to staffing issues. We are being extra vigilant when we can and always ask our residents to advise us if

someone is in the water that is not supposed to be. Spoke on the iguana issue. You can no longer walk around Golden Beach with your BB guns and shoot iguanas on site, there are companies that provide these services that you can call. The code requires you as an individual homeowner to take care of rodents, iguanas, snakes, possums, racoons, etc., that issue is 1000% your own responsibility. Back in 2009, we offered that service as we had an iguana and rodent issue. We started providing rats and iguana control in the Towns common areas. However, if we see a home that has an extreme issue with iguanas or rodents, we may perform a study. But due to fiscal constraints the Town will offer these services only in the common areas of the Town. We will help, but please keep in mind that it is not the Town's responsibility. There is a full-page article speaking on this very topic in your September newsletter. As it relates to the milling and resurfacing project, come September 16th no more work can be done by utility companies or homeowners. After that, you have to do a directional bore, which is double the cost. We are dividing the town into seven sections, when we are working in your section, you will not be able to park or drive your vehicle near your home for about 36 hours. We will provide an area close to your home for you to park. Canal Maintenance Project will be commencing after the council approves the project this week. There will be a lot of work and many odors going around during this time, please do not be alarmed. This is very normal. We have clean sediment, but there will be a strong smell of sulfur. We hope to be done in November and it may go through December. The Police Department went through the re-accreditation process this summer. While four other cities lost their accreditation, our department has been re-accredited now for the third time. The budget is complete, we will provide you with a digital copy of the budget that will be delivered to council and the residents on Friday on the Town's website. As of 1 p.m. tomorrow he will be unavailable until September 3rd, as he will be on vacation.

K. ORDINANCES – SECOND READING

1. An Ordinance of the Town Council Amending the Town's Code to Revise Rooftop Activities.

AN ORDINANCE OF THE TOWN OF GOLDEN BEACH, FLORIDA, AMENDING THE TOWN'S CODE OF ORDINANCES TO REVISE CHAPTER 66, "ZONING," BY AMENDING SECTION 66-261, "ROOFTOP ACTIVITIES", PROVIDING FOR CODIFICATION; PROVIDING FOR CONFLICTS; AND PROVIDING AN EFFECTIVE DATE.

Exhibit: Agenda Report No. 1
Ordinance No. 588.19

Sponsor: Town Administration

Recommendation: Motion to Approve Ordinance No. 588.19

A motion to approve was made by Councilmember Lusskin, seconded by Councilmember Einstein.

Town Attorney stated that this has been placed on here for second reading, but he does not believe that before first reading we had our LPA hearing on this, he is asking for this item to be continued to our next meeting. It is a brief meeting, but we have to notice it (where you determine whether or not this is consistent with your comprehensive plan or not).

Town Manager took responsibility for that and stated that the Town Clerk did advertise it in the paper, but we didn't prepare the agenda so it still does not meet the proper noticing requirements to have the agenda posted, we will just defer it to the first meeting in September.

Town Attorney ask for a motion to defer it to the first meeting of September.

L. ORDINANCES - FIRST READING

2. An Ordinance of the Town Council Amending the Town's Code to Adopt A New Chapter 62 Floods.

AN ORDINANCE BY THE TOWN COUNCIL **AMENDING** THE TOWN OF GOLDEN BEACH CODE OF ORDINANCES TO REPEAL **LAND DEVELOPMENT REGULATIONS CHAPTER 62 FLOODS**; TO ADOPT A NEW **CHAPTER 62 FLOODS**; TO ADOPT FLOOD HAZARD MAPS, TO DESIGNATE A FLOODPLAIN ADMINISTRATOR, TO ADOPT PROCEDURES AND CRITERIA FOR DEVELOPMENT IN FLOOD HAZARD AREAS, AND FOR OTHER PURPOSES; PROVIDING FOR APPLICABILITY; SEVERABILITY; AND AN EFFECTIVE DATE.

Exhibit: Agenda Report No. 2
Ordinance No. 589.19

Sponsor: Town Administration

Recommendation: Motion to Approve Ordinance No. 589.19

A motion to approve was made by Councilmember Lusskin, seconded by Councilmember Mendal.

On roll call, the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Kenneth Bernstein	<u>Absent</u>
Councilmember Judy Lusskin	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Bernard Einstein	<u>Aye</u>

The motion passed.

Town Attorney spoke on the item – all communities in the state are bringing their flood ordinances in compliance with not only FEMA regulations but also the Florida Building Code. We are amending, in its entirety, our flood regulations so that it is in compliance. There will be a second reading and LPA hearing.

M. QUASI JUDICIAL RESOLUTIONS

3. A Resolution of the Town Council Approving A Variance Request for 307 Ocean Boulevard to Permit an Additional Accessory Structure.

A RESOLUTION OF THE TOWN OF GOLDEN BEACH, FLORIDA, AUTHORIZING AND APPROVING A VARIANCE REQUEST FOR THE PROPERTY LOCATED AT 307 OCEAN BLVD., GOLDEN BEACH, FLORIDA 33160 TO PERMIT AN ADDITIONAL ACCESSORY STRUCTURE (PERGOLA) INSTEAD OF ONE ACCESSORY STRUCTURE PERMITTED BY THE TOWN'S CODE.

Recommendation: Motion to Approve Resolution No. 2621.19

A motion to approve was made by Councilmember Mendal, seconded by Councilmember Lusskin.

On roll call, the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Kenneth Bernstein	<u>Absent</u>
Councilmember Judy Lusskin	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Bernard Einstein	<u>Aye</u>

The motion passed.

Town Manager stated that this is a straightforward resolution that will probably be brought before the council for a code change. Exclusively in Zone 1 residents are not allowed to have a shade area over their barbeque area. Think that this variance request is very reasonable. Specifically it provides relief for individuals in Zone 1 who do not have a flat roof. We think that you should approve it. Homeowner's rep in attendance.

4. A Resolution of the Town Council Approving A Variance Request for 501 Ocean Boulevard for the First Floor Finish Elevation and the Guest House Separate Structure.

A RESOLUTION OF THE TOWN OF GOLDEN BEACH, FLORIDA, AUTHORIZING AND APPROVING VARIANCE REQUESTS FOR THE PROPERTY LOCATED AT 501 OCEAN BLVD., GOLDEN BEACH, FLORIDA 33160 1). TO PERMIT THE FIRST FLOOR FINISHED ELEVATION TO BE AT 23.5' NGVD, WITH A BUILDING HEIGHT NOT TO EXCEED 51.5' NGVD, INSTEAD OF THE STARTING ELEVATION OF 20.02' AS REQUIRED BY THE CODE. 2). TO PERMIT THE GARAGE/GUEST HOUSE SEPARATE STRUCTURE TO BE MEASURED FROM A FIRST FLOOR SLAB ELEVATION OF +12'4" NGVD + 2 FEET, INSTEAD OF THE SARTING ELEVATION OF 9' CROWN OF THE ROAD + 2 FEET.

Exhibit: Agenda Report No. 4
Resolution No. 2622.19

Sponsor: Town Administration

Recommendation: Motion to Approve Resolution No. 2622.19

A motion to approve was made by Councilmember Luskin, seconded by Councilmember Mendal.

On roll call, the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Kenneth Bernstein	<u>Absent</u>
Councilmember Judy Luskin	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Bernard Einstein	<u>Aye</u>

The motion passed.

Town Manager stated that the first request is withdrawn. The second part is a no brainer. We have done it for every other modern house in Town. The council has now allowed on Ocean Boulevard that the space below the house for a gym be allowed to go higher for your first floor, however your envelope has to be shorter. It is consistent with every other variance request you have approved.

Councilmember Mendal stated that we have done this so many times, that it just needs to get fixed.

Town Manager spoke on the item. We do not automatically plug in numbers. We actually look at all of our line items and all of our expenses. Even though we would like to keep our insurance through United Healthcare, we went out to the market to see what kind of rates we could get. If they bring us a plan similar to ours with a savings from the current year cost, I would recommend to you to not go with United to then go through an RFP process to see if we go with a new agent. Our insurance came in higher than 5% increase but none of the third-party providers came in lower than what we currently pay. Does force me to go out next year with an RFP for an insurance broker. Recommending that we stay with United Healthcare with a 6.8% increase on plan 3, with the buy-up option for employees who would like to go to plan 1. We will also honor the rates of plan 2 and reimburse the employees the difference. Insurance comparison is available for review in town hall.

Town Manager spoke on the item. Knows that it seems to the community that he is constantly waiving competitive bidding, and we are not. Our code is so restrictive, and things that come in at \$300,000 it does not make sense for us to go through a formal bid process. We received four proposals, we did not go through the formal bid process where you advertise it to the whole world, and have bid documents, timelines, and a selection committee. We just reached out to the roofing community and told them we have a roofing issue, give us proposals. He is not just going to Alex Diaz's best friend and saying hey, give me a price (which none of them are), we do go through a selection bid process it is just not the formalized process that you have in your code. The issue at hand is our public works building has twelve leaks and our police department roof has six leaks. Now the question is do we just patch it up or replace it. We know for a fact that the Town Hall building and the public works building are not going away as part of the CIP project – what they become, and what they look like is all debatable. He is recommending that we do not just patch up public works but instead replace it, it is \$29,900 to replace it and it is a flat roof, there is not much you can do there. Town Hall building, he is asking to just patch it because he is not sure if with the design for the RFP that is going to go out, if the roof will need to change it and become metal or flat etc. Asking for \$47,800 for the project of replacing both roofs. Asking for more than the contract amount because he needs to have a little more wiggle room, because we do not know what we are going to find until we rip out the roof, so just in case something comes up he is asking for a little more spending authority.

Mayor Singer stated we are putting in a \$10,000 contingency that does not mean we are going to spend it

Councilmember Einstein asked if on the maintenance-building if the new proposal includes trusses.

Town Manager stated that that roof is completely flat and asking for runoff.

Mayor Singer stated that no matter what the public works building stays 100%. That building is not going to have an elevation issue.

Town Manager stated that it is not in the design criteria.

Councilmember Einstein asked what kind of roof that is over there.

Town Manager stated it is a beam membrane flat tar roof

Mayor Singer stated what is the warranty on it

Town Manager answered 20 years

Councilmember Lusskin stated that once you start to spring that many leaks, you have to replace it.

Councilmember Mendal stated that we do not know what the design of the Town Hall on A1A is going to be, we do not want to look out on a crappy roof once it is completed shouldn't we wait.

Town Manager stated that it is a flat white roof there is not a whole lot you can do.

16. A Resolution of the Town Council Approving A Proposal for A Pickle Ball Court.

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF GOLDEN BEACH, FLORIDA APPROVING A PROPOSAL FROM SYLMAX SPORTS FOR A PICKLE BALL COURT; PROVIDING FOR A WAIVER OF COMPETITIVE BIDDING PROCEDURES; PROVIDING FOR IMPLEMENTATION; PROVIDING FOR AUTHORIZATION; AND PROVIDING FOR AN EFFECTIVE DATE.

Exhibit: Agenda Report No. 16
Resolution No. 2633.19

Recommendation: Motion to Approve Resolution No. 2633.19

A motion to approve was made by Councilmember Lusskin, seconded by Councilmember Mendal.

On roll call, the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Kenneth Bernstein	<u>Absent</u>
Councilmember Judy Lusskin	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Bernard Einstein	<u>Aye</u>

The motion passed.

Town Manager spoke on the item. Community has been asking for a pickle ball court for some time and the Town has been looking for a space to build one. Adjacent to the tennis courts there is an area for the court. Another amenity that we are going to offer the residents during the civic center construction, and it will be protected during the construction. The benefits of that is there is already fencing on one side and the light that illuminates the tennis court will be the same one used for the pickleball court. The amount he is asking for is an allowance of \$44,235.00. We are not going with the cheapest proposal here. The lowest bidder had two negative references in terms of their ability to deliver, and issues with the surface of the court. Recommending that we go with sylmax sports. They are the ones that did your tennis courts and basketball courts. The sport is great for the youth and the elderly. It is a good will item. It shows our residents that we listen to them.

Resident Lydia Eskenazi, 660 Golden Beach Drive asked if we're going to use the same contractor that built the tennis courts, can we have them address the drainage issues at the tennis courts.

Town Manager stated that is not a contractor issue. When we resurfaced the tennis courts about 4-5 years ago there was a proposal by the contractor to put in a dragline system so when the water runs off it goes somewhere. The water does currently go to the east and west, the problem is that it abuts the grass and we don't have any drainage there whatsoever. So in the amount he is asking for \$5,000 spending authority to put in some linear yard drains that will provide some drainage relief. As part of our civic center project, the drainage of the whole field will be tied in to that project.

Vice Mayor Kenneth Bernstein	<u>Absent</u>

Councilmember Judy Luskin	<u>Nay</u>
Councilmember Jaime Mendal	<u>Nay</u>
Councilmember Bernard Einstein	<u>Nay</u>

The motion does not passed.

Town Manager spoke on the item. In April, we brought to you some options for decorating the flat walls and brought you some cost estimates on what that would cost. Spent this summer asking different vendors to give us options for what the entrance would look like and the wavy pattern came in at \$100,000. He is not comfortable with the item. He is asking that we not approve this item. Let him do some research on stucco because at night they look beautiful, it is during the day that we have a problem. He will spend a couple thousand dollars max because stucco is not expensive. If we don't like it, then we will work with the Town Attorney to put out a real RFP for design renovations of our fountains and have it done right. Knows that the mayor is passionate about the item. Wants to know if it is ok with the council to let him explore a little bit with stucco first.

Mayor Singer stated that if it is not the right thing, then we should not do it.

Town Manager stated that this item is not ready for you to make a final decision.

Councilmember Luskin stated that the stucco would look like a wavy wall. Mentioned doing stonework.

Town Manager stated that the problem with doing stonework is that you are limited to just one style.

Mayor Singer stated that he believes the fountains are a focal point of the Town and at night they look great but during the day, it looks like an unfinished project. It also has a stain in the fountain that would not go away.

Councilmember Einstein stated that the other person doing a great job with stucco is the person on the south side of ocean.

Mayor Singer stated it is a good starting point

Councilmember Mendal stated that he is a fan of saving money. We are getting ready to do the Civic Center and he is a fan of this idea.

Town Attorney recommended that they just vote on it.

Town Mayor asked to bring back the item under discussion for the stucco

The motion passed.

Town Manager stated it took forever to get the permits and thanked the Mayor publicly for going to DERM with them to add some political pressure on them, and after negotiating with DERM the staff they finally gave up the permits. We did have to give up a little bit; we are not going to dredge to what we originally spoke about, but we know that when we do dredge there is slippage that occurs, we feel that when the slippage occurs we will have the depth that we want. Our permits allow us to clear muck and debris to four feet NGVD at low tide; we know that we will do some extra work as a result of that. We did ask that only people that are involved in the canal maintenance community give us proposals to award a contract. The proposals came in from \$538,000 to \$330,000, he is recommending that we go with the lowest bidder. Also, for the record, the lowest bidder is the company that helped us facilitate getting the permits. Recommending Olin Hydrographics, their contract came in at \$333,835. He is asking for a budget of \$423,835 to be adjusted as needed. Asking for that amount because there was work that was done prior to getting the permits, and we are asking for a \$40,000 contingency in case we have to do some dredging around some docks that are not around our preset.

Councilmember Einstein how much the Town has spent to date on dredging.

Town Manager stated he does not have that number with him but originally the amount budgeted for this project was \$270,000,

Councilmember Einstein asked if this money is coming out of this budget and if we are spending it in a time frame of 1-2 years

Town Manager stated we want to spend the money out of this budget; we are not allocating a lot of money for dredging in next year's budget.

Councilmember Lusskin asked if this includes the dumping fees

Town Manager stated that the contract is an all in one price. Also, stated that there are two companies that have not submitted their numbers to the Town. If their numbers come in lower; we may need to revisit this item in the September meeting. We did get three written offers and two companies said no that it is too complicated and not enough work for them. Because the number of cubic yards we are asking to remove is too minimal for the work that is required by the permit.

Mayor Singer congratulated the Town Manager he worked really hard on this; the first time he went to DERM he told the manager he does not believe we'll ever get this project done because they were giving them such a hard time. Hats off to him and his persistence.

Recommendation: Motion to Approve Resolution No. 2636.19

A motion to approve was made by Councilmember Lusskin, seconded by Councilmember Mendal.

On roll call, the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Kenneth Bernstein	<u>Absent</u>
Councilmember Judy Lusskin	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Bernard Einstein	<u>Aye</u>

The motion passed.

Mayor Singer commented on the Town's assessed values coming in at the highest they ever have. Proposing that the maximum proposed millage be set at no more than 8.40 mills.

Town Manager stated that in the past we have set it higher and come down. We got rid of that last year, we are proposing setting it at what it will be so there is no confusion and residents will know what they are going to pay. Our operating millage rate that we are proposing is 7.5780 mills, and the debt services is .8220, your trim notice will be what you pay.

Town Manager reminded council that the budget meetings are scheduled for Tuesday September 17th and Thursday September 26th. Also stated we were able to balance the budget, there is still money in the CIP for your civic center, and we did a three-year analyst of all of our spending patterns. The Town Mayor and him had a heart to heart about next year's budget as it relates to our expenditures. In his budget message, he explains what those shortcomings may be. We are confident that 8.4 is the correct number, it also provides for a strong contingency and some restricted funds for other projects. He is recommending you allow setting it at the combined rate of 8.4.

Councilmember Mendal asked why it states that there are increases and decreases if the millage rate is the same from last year.

Town Manager stated that this is a combined rate, and because the debt service next year goes down we manipulate the numbers depending on whether or not the debt service goes up or down to meet our debt service obligation. Once we meet our debt service obligations, we take whatever extra there is we put into our operating number so that we can have a combined rate. In 2007 when the Mayor and himself committed to the community if they approve a 14.5 million-dollar bond we would never have a millage rate higher than 7.59 mills. Through the years as we have seen our values go up, we have lowered our combined millage rate twice. Our commitment to the community has been our debt service obligation on a moving forward basis now stays the same, so if our values continue to increase you will see that number become smaller and then we will need to discuss to see if we should continue with the combined rate. Last year's council decided not to lower the millage rate this year, because the savings are so insignificant that it was better to keep those dollars in the budget for capital programing. Instead of that money that we could give as a savings in the millage we put it away in the budget so that the council can use for projects on a moving forward basis. We do look at those revenue increases, and instead of going shopping, we put limitations on ourselves to guarantee you that we are not taking all of our increases and spending it. We always try to restrict our growth in revenues and still deliver a savings at the end of each year.

Councilmember Mendal asked for clarification because on the memo it says a .098 increase in general operating and a.058 decrease in the debt services means that there is a net increase of .04 is that wrong?

Town Manger stated the first number in the memo is wrong but not the rate of the increase or decrease and we will fix it. He apologized for not catching that

Councilmember Einstein asked if somebody had a house on the ocean for 1 million dollars, the land could still be assessed at three million but because of our homestead when they knock that house down, they can't raise the price of the home?

Town Manager stated that the land is still protected and the only value that goes to market is the house value and not the land value it stays the same.

Mayor Singer stated that Councilmember Einstein brings up a good point.

Town Manager stated the property appraiser's office, who is responsible for setting assessed values in Town, must follow state guidelines, the value of the land does not increase because you decided to rebuild your house, the value of your home does. Stated that the property appraiser came into our community this summer and did a complete audit of our community. There are 25 homes that were identified that we are helping the property appraiser's office to bring them to true assessed value. It all goes to your benefit as a homesteaded property. Yes, we have lands in our town where the land value is extremely low but the home values are like \$8-9 million.

Mayor Singer gave the Town Manager the authority on the fountains, what we are recommending is the Town Manager research and look into the possibility of stucco.

Town Manager Alexander Diaz:
• Landscape Services on the Weekend

Town Manager stated that A BRAB member brought up the issue of landscaping on Saturday morning. Right now you are allowed to provide landscape services as early as 8AM on Saturdays and 10AM on Sunday. He is asking to change our ordinance to prohibit all landscaping on Saturday before 10AM. We have talked about this with the landscaping community and we do not agree with him. Most communities allow you to start early on Saturday. By creating later hours your changing the business model of a lot of our landscapers that come in on Saturdays as well as the residents that do their own landscaping.

Mayor Singer stated that he brings up a good point. Most residents work during the week and they want peace and quiet on Saturday morning. He does not understand why we can't let them wait till 10AM. The homeowners pay a lot of taxes and if they want peace on Saturday morning, he has no problem with that.

Councilmember Einstein stated that he thinks that when this ordinance was originally put in there it was for the homeowner to be able to do it on a Saturday or Sunday.

Town Manager stated you still have a hand full of residents that do it themselves

Councilmember Mendal stated that he agrees that they should just start at 10 a.m.

Councilmember Lusskin agreed. Also, believes we should not allow landscaping on Sunday at all.

Mayor Singer stated why don't we allow it Saturday 10am-6pm and not allow it on Sunday.

Councilmember Einstein stated that we could allow the residents to do it themselves, but not the companies on Sunday.

Town Manager stated your code currently allows landscaping Monday-Friday from 8am-8pm and 10am-6pm on Saturday and Sunday. Asked are they stating residents can't do work on Saturday's and Sundays? Because the issue you have with that is residents will say that it is not a landscape company, that it is their handyman. Now the issue is our code says if you are a landscape company you are required to take your debris and throw it away so now the Town is required to take it and pay the tipping fee because they are not a landscape company.

Mayor Singer stated that why don't they change the hours on the weekend to 10 a.m. to 6 p.m. on Saturday and Sunday.

Town Attorney stated he will bring a draft of the ordinance for the next meeting.

Town Manager put into record that the next meeting is September 17th.

TOWN OF GOLDEN BEACH

One Golden Beach Drive
Golden Beach, FL 33160

MEMORANDUM

Date: September 17, 2019

To: Honorable Mayor Glenn Singer &
Town Council Members

From: Alexander Diaz,
Town Manager

Subject: Resolution No. 2643.19 - Reauthorizing the Building Permit
Fees and Associated Fee Schedule

Item Number:

12

Recommendation:

It is recommended that the Town Council adopt the attached Resolution No. 2643.19 as presented.

Background:

I am proposing the reauthorization of the Building Permit Fees and Associated Fee Schedule, as attached.

In preparing the Fiscal Year 2019-2020 Operating Budget the proposed fees were used to project revenues.

The one change to the schedule from that of previous years is the increase in the charge for sidewalks, gutters and roads.

Fiscal Impact:

None.

TOWN OF GOLDEN BEACH, FLORIDA

RESOLUTION NO. 2643.19

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF GOLDEN BEACH, FLORIDA, REAUTHORIZING THE TOWN'S SCHEDULE OF BUILDING PERMIT AND PROCESSING FEES; PROVIDING FOR IMPLEMENTATION; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, pursuant to Fla. Stat. 166.222, the Town imposes fees upon applicants for various development permits for development within the Town; and

WHEREAS, the Town desires to reauthorize the schedule of fees attached hereto as Exhibit "A" to defer the reasonable costs of inspection and enforcement of the provisions of the Town's building code; and

WHEREAS, the Town Council finds that the reauthorization of the Town's schedule of permit fees is in the best interest of the Town.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF GOLDEN BEACH, FLORIDA, AS FOLLOWS:

Section 1. Recitals Adopted. The foregoing recitals are adopted, confirmed and incorporated herein.

Section 2. Reauthorize Schedule of Fees. Pursuant to Fla. Stat. 166.222 and Section 50-8(e) of the Town's Code of Ordinances, the Schedule of Permit and Processing Fees attached to this Resolution as Exhibit "A" is hereby adopted and supersedes all prior schedules and fees for said services.

Section 3. Implementation. The Town Manager and Town Mayor are hereby authorized to take all reasonable measures to implement this Resolution and the

Schedule of Fees adopted herein.

Section 4. **Effective Date.** The Resolution shall become immediately effective upon adoption.

Sponsored by Town Administration.

The Motion to adopt the foregoing resolution was offered by _____,
seconded by _____, and on roll call the following vote ensued:
