

TOWN OF GOLDEN BEACH, FLORIDA

RESOLUTION NO. 2935.24

A RESOLUTION OF THE TOWN COUNCIL OF THE TOWN OF GOLDEN BEACH, FLORIDA, AWARDED RFP 2024-001 TWEDDLE PARK PUMP STATION RETROFIT PROJECT TO SOUTHEASTERN ENGINEERING, INC.; PROVIDING FOR IMPLEMENTATION; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Town of Golden Beach (the "Town") issued a Request For Proposals RFP # 2024-001 (the "RFP") seeking responsive and responsible proposals from firms for the retrofit of Pump Station #1 in Tweddle Park; and

WHEREAS, the Town has considered the proposals submitted in response to the RFP and, based upon the applicable evaluation criteria, has determined that Southeastern Engineering, Inc. ("SOUTHEASTERN"), is the lowest most responsible and responsive bidder and desires to award the Tweddle Park Pump Station Retrofit Project to SOUTHEASTERN; and

WHEREAS, SOUTHEASTERN has agreed to enter into an agreement ("Agreement") based on the terms of the RFP and its proposal ("Proposal") substantially in the form attached to this resolution.

NOW, THEREFORE, BE IT RESOLVED BY THE TOWN COUNCIL OF THE TOWN OF GOLDEN BEACH, FLORIDA, AS FOLLOWS:

Section 1. Recitals Adopted. That each of the above stated recitals are hereby adopted, confirmed, and incorporated herein.

Section 2. Acceptance of Proposal. The Town Council hereby awards the retrofit of the Tweddle Park Pump Station project to Southeastern

Engineering, Inc. and approves the Agreement in substantially the form attached hereto.

Section 3. Implementation. The Town Mayor is hereby authorized to enter into the Agreement with Southeastern Engineering, Inc. to perform the above-described by executing the Agreement, once approved by the Town Attorney as to form and legal sufficiency. The Town Mayor and Town Manager are hereby authorized to take all action necessary to implement this Resolution in accordance with the terms, conditions and purposes of this Resolution and the Agreement.

Section 4. Effective Date. That this Resolution shall be effective immediately upon adoption.

The Motion to adopt the foregoing Resolution was offered by Councilmember Lusskin, seconded by Councilmember Mendal and on roll call the following vote ensued:

Mayor Glenn Singer	<u>Aye</u>
Vice Mayor Bernard Einstein	<u>Aye</u>
Councilmember Jaime Mendal	<u>Aye</u>
Councilmember Judy Lusskin	<u>Aye</u>

RE: Town of Golden Beach Center Island Tweddle Park Pump Station Retrofit Project
BID RECOMMENDATION
CAS PROJECT NO. 08-23-037

Dear Council Members:

Craig A. Smith & Associates (CAS) has performed its review of the bid proposal received for the Town's Tweddle Park Pump Station Retrofit Project (Project). Funding for this project will primarily be by the Florida Department of Environmental Protection (FDEP) through the Florida Resiliency Grant Program under contract agreement no. 22FRP40. The work entails the retrofit of the oldest pump station in the Town consisting of two new pumps, fixtures, drainage structures, water quality treatment devices, and the conversion of the gravity outfall into a pumped force main. The existing and underperforming Class V drainage well will be abandoned. It is our understanding that the other existing Class V drainage well has already undergone the FDEP abandonment procedures. Two bids were submitted for this project and both bidders attended the mandatory pre-bid meeting which was a requirement to bid.

Our review strictly tabulates bid item totals and evaluates the overall submittal packages from bidders. Based on the copies of the contract forms provided, we have also reviewed the bid proposals for document completeness, including addendum acknowledgement, bid guarantee, and proposed construction duration. Based on our review, Southeastern Engineering Contractors, Inc. (SEC) is the apparent lowest and most responsive-responsible bidder with a bid total price of \$834,509.00. SEC's current workload (7 projects) shows that the majority of the projects under construction are almost completed (70%-98%) with one halfway completed and the other about to start.

SEC was responsive and all addendums were acknowledged. Based on our bid package reviews, we have verified that SEC has satisfactorily completed projects as a contractor for similar work and work designed by CAS. SEC is quite familiar with the Town's infrastructure as they were the successful bidder awarded the Town's capital improvement project around 2010 consisting of road work, drainage systems, potable water systems, completion of an existing stormwater pumping station (North Park) and the full construction of the South Park Pump Station (both stations designed and permitted by CAS). They were also the successful bidder for the more recent Center Island Pump Station project (2020) designed and permitted by CAS. As such, CAS hereby recommends the bid award for \$834,509.00 to SEC based on the bid total, reference checks, and previous track record with the Town. The Bid price was just over 6% of the engineer's estimate. The other bidder's price was at \$2,190,770.00 and was deemed too high for any reasonable consideration.

Description of Firm:

Southeastern Engineering Contractors, Inc. ("SEC") is a general engineering contractor firm founded by Eduardo Dominguez in 1984. SEC has successfully completed hundreds of Public Works and Water and Sewer Projects for several local municipalities. They include Miami-Dade County, Broward County, FDOT, and both Miami Dade and Broward Aviation Departments. SEC specializes in several types of Community Enhancement Projects, such as "streetscape" improvements consisting of road construction, culvert installations, pipelines, drainage, pump & lift stations, bridge construction, site work, concrete work, signalization, lighting, landscaping, pavement markings, and signs. Southeastern Engineering has worked in the public right of way from the inception of the company and has built its reputation on Professionalism, Management, Combined Employee Experience, and ability to deliver on Time and within Budget.

Southeastern Engineering has completed numerous public works projects. SEC has procured a professional management staff during its years of existence. We offer a combined 100 years of professional construction management and design experience. This staff is responsible for building some of the most complicated modern construction projects over the past three decades. Our projects range from a \$1,000,000 Water Main installation to a \$ 28,000,000 Pump Station. This diversity helps keep our management staff diverse as well. SEC is always improving on its ability to perform work more efficient and with less impact to the environment.

SEC has the financial stability to perform all construction tasks as they are laid out to them. We have long standing relationships with some of the leading providers of construction materials in the industry. This financial ability allows us to own and operate our own machinery. Both of these abilities allow SEC to provide cost efficient and timely construction solutions to our clients.

Today SEC is growing as the federal government seems to be funding much more infrastructure construction projects. SEC has been able to weather the storm over the last few years with our efficient financial planning and our diverse bidding management. At this time we have a sufficient workload at hand and backlogged.

When we are awarded a project we immediately integrate it into our workload plan. This would start the process of our construction management and material procurement teams. This will open up the communication lines between the client and our management team, and get the project off and running. This process would involve reaching out to our client's construction team involved in the project, as SEC would be constantly updating them with our current construction progress. This is a small part of the construction process SEC provides to its clients. We pride ourselves on our abilities and will be there for our clients throughout the construction process from beginning to end.

6. I understand that an "affiliate" as defined in Paragraph 287.133(1)(a), Florida Statutes, and means:

1. A predecessor or successor of a person convicted of a public entity crime: or
2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in the management of an affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not for fair market value under an arm's length agreement, shall be a prima facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.

7. I understand that a "person" as defined in Paragraph 287.133(1)(e), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter into a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity.

8. Based on information and belief, the statement, which I have marked below, is true in relation to the entity submitting this sworn statement. (Please indicate which statement applies.)

Neither the entity submitting this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, nor any affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, members, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989, AND (Please indicate which additional statement applies.)

___ There has been a proceeding concerning the conviction before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer did not place the person or affiliate on the convicted vendor list. (Please attach a copy of the final order.)

___ The person or affiliate was placed on the convicted vendor list. There has been a subsequent proceeding before a hearing officer of the State of Florida, Division of Administrative Hearings. The final order entered by the hearing officer determined that it was in the public interest to remove the person or affiliate from the convicted vendor list. (Please attach a copy of the final order.)

___ The person or affiliate has not been placed on the convicted vendor list. (Please describe any action taken by or pending with the Department of General Services.)

TOWN OF GOLDEN BEACH

One Golden Beach Drive
Golden Beach, FL 33160

MEMORANDUM

Date: March 26, 2024

Item Number:

To: Honorable Mayor Glenn Singer &
Town Council Members

10

From: Alexander Diaz, *Alex B*
Town Manager

Subject: Resolution No. 2935.24- Awarding RFP 2024-001, Tweddle
Park Pump Station Retrofit Project to Southeastern
Engineering, Inc.

Recommendation:

It is recommended that the Town Council adopt the attached Resolution No. 2935.24 as presented.

Background:

In February 2023, the Town engaged Craig A. Smith and Associates, for engineering services for the Retrofit of the Tweddle Park Pump Station, part of which included compiling the data for the issuance of a Request for Proposals ("RFP"). During this time, the Town received a \$500,000 grant from the State for this project.

On January 26, 2024, the Town issued RFP 2024-001 for the Tweddle Park Pump station Retrofit Project, receiving two responses to the bid.

- Amici Engineering Contractors for a bid amount of \$2,190,770.00
- Southeastern Engineering Contractors for a bid amount of \$834,509.00

The scope of work to be performed consists of furnishing materials, equipment and labor necessary for the proposed retrofit of the existing Tweddle Park pump station, to include drainage improvements as stipulated by Craig A. Smith and Associates. The project consists of the installation of two new pumps, electrical work, connected all proposed forcemain pipes and fittings, pump station modifications and drainage improvements with full restoration work at the pump station site.

Recommendation:

The Administration has determined that Southeastern Engineering Contractors is the lowest most responsible bidder, and recommends the Town move forward with engaging them for the project.

Further the administration is recommending that the Town Council authorize a total post award project budget of \$1-million dollars to cover associated soft cost and create a contingency for the project.

Fiscal Impact:

\$834,509.00 Contract Award

\$165,491.00 Soft Cost and Contingency

\$1,000,000.00 Project Budget

- \$500,000.00 State Grant

- \$320,000.00 Code Enforcement Collection

- \$170,000.00 Storm Water Fund Impact Collection

- \$10,000.00 General Fund

During my tenure as your Town Manager I have strived to propose project which have a minimal impact on the Town's Budget or our Residents. This is just another example of how, working with the Mayor and Town Council we have been successful in our efforts.
