## MEMORANDUM

---

**Date:** June 18, 2024

**To:** Honorable Mayor Glenn Singer &  
Town Council Members

**From:** Alexander Diaz,   
Town Manager

**Subject:** **Resolution No. 2951.24 – Authorizing and approving the scope of work for Southeastern Engineering Contractors, Inc. for the installation of a 36” Wastop valve for the South Island outfall.**

Item Number:

8

---

### **Recommendation:**

It is recommended that the Town Council adopt the attached Resolution No. 2951.24 as presented.

### **Background:**

The stormwater outfall on South Island has been inspected by our Town Engineers, who found that the check valve has cracked. The deterioration of the valve allows high tide water to reverse and infiltrate into the storm drains and structures, causing flood water in the streets. It is imperative to replace the Wastop valve as we enter hurricane and king tide season.

The attached Exhibit A is a complete breakdown of all items for council review.

### **Fiscal Impact:**

The installation has a fiscal impact of \$37,150.00, which will come from the stormwater fund.
