Subject: Resolution No. 3039.25 – Authorizing the Purchase of Two
Chevrolet Silverado Police Vehicles

Recommendation:

It is recommended that the Town Council adopt the attached Resolution No. 3039.25 as presented.

Background and History:

As part of the Town's Fleet Modernization and Expansion Program, the Town Council previously authorized the purchase of one Chevy pickup truck for a Police Sergeant. The Town has since taken delivery of this vehicle and has found it to be highly functional and versatile. The pickup truck provides improved utility compared to the existing SUV fleet, including the ability to safely navigate standing water during flooding conditions.

Based on the proven performance and operational flexibility of this vehicle, staff recommends the purchase of two (2) additional Chevy pickup trucks. This will allow each of the Department's three Police Sergeants to operate the same vehicle type, ensuring uniformity among supervisory staff. Under this plan, the Chevy Tahoe fleet will remain assigned to Police Officers, while the Sergeants will be assigned pickup trucks. This transition provides cost-efficiency, flood resiliency, and operational consistency within the Department.

We ask that you approve this purchase and authorize staff to increase the Fiscal Year 2024–2025 budget to fund this project.

Financial Impact:

The project will be funded through revenues collected in Fiscal Year 2024, which exceeded budget projections. Staff recommends applying these surplus funds by amending the Fiscal Year 2024–2025 budget to include this expenditure, ensuring the project is fully funded without impacting planned allocations.

The cost of \$152,000.00 for this project will be budgeted through the Town's General Fund in Fiscal Year 2024-2025.
